MEMORANDUM FOR THE RECORD

SUBJECT: OMS Participation in the CIA Occupational
Safety and Health Program

25X1A

25X1A

1. On 20 November 1975 I met with [REDACTED] and [REDACTED] regarding our participation in Agency Safety and Health Programs. [REDACTED] was unable to attend due to an urgent requirement. The purpose of the meeting was to reinforce the Office of Medical Services position that they are prepared to act in a consulting capacity to the Office of Security who have the line responsibility under Mr. Blake to carry out the OSHA program within CIA. I further informed him that a pending reorganization would provide more centralized and augmented support to them by the Office of Medical Services. It was suggested and agreed that the draft regulations on Safety and Health be published in a separate series and not under either Security or Medical aegis. I further suggested that it might be desirable to review the professional qualifications available within the Agency with an eye toward augmenting our needs through the use of consultants or by contract. They were further advised that the draft regulations have been concurred in by the Office of Medical Services.

2. There was additional discussion about the Agency's approach to OSHA and I made my views known as to how we could approach the implementation of the OSHA Act through a close cooperation with OSHA and through education of our own management on the significance and implications of the Act as it affects CIA.
